BACK TO SCHOOL, BACK TO SAVINGS!

As the school year kicks off, it's the perfect time to get smart—both in the classroom and at home. Today's lesson? Energy rebates that make it easy to invest in your home and save money!

Beaches Energy offers up to \$1,250 in residential energy rebates for upgrades that improve energy efficiency, and up to \$5,000 for commercial lighting upgrades.

Let's review: We're here to help you improve your energy efficiency, lower your utility bill, and help protect the environment. Because you're never too cool for big savings.

Visit BeachesEnergy.com/Rebates to learn more.

ENERGY EDUCATION STARTS AT HOME

The Beaches Energy Family Fun page is your go-to spot for turning energy education into a hands-on experience for kids and adults alike.

From understanding how electricity powers our lives to discovering how small choices can make a big impact, it's a fun and engaging way to explore conservation and smart energy habits.

With activities like at-home static electricity experiments and free printable coloring sheets, the Family Fun page makes it easy to get everyone involved in learning why saving energy matters.

Explore now by visiting BeachesEnergy.com/FamilyFun

POWER SMART, POWER SAFE

This storm season, it's important to remember that generators can be great tools during power outages—but safety always comes first.

- Always run your generator outdoors
- Never plug it into a wall outlet
- Be sure to use heavy-duty cords
