

Instructions for Commercial Lighting Rebate

Purpose:

- To encourage the installation of energy efficient lighting.

Rebate Requirements:

- Must be a commercial customer of Beaches Energy Services.
- Retrofit/upgrade must be done to an existing building.
- All work must be done by a licensed Florida contractor in accordance with the manufacturer's recommendations.
- All necessary permits must be obtained prior to installation.
- Beaches Energy Services Conservation Specialist should be contacted prior to installation.
- Prior to installation a retrofit/upgrade Worksheet and a Lighting Analysis sheet must be completed and reviewed by Beaches Energy Services Conservation Specialist.
- Upon review of received documentation Beaches Energy Services Conservation Specialist will notify customer if the retrofit/upgrade meets the rebate requirements.
- Upon approval the Rebate Application should be submitted to Beaches Energy Services.
- Beaches Energy Services reserves the right to inspect the retrofit/upgrade to ensure that it is consistent with rebate requirements. On-site inspection may be required by Beaches Energy Services prior to issuance of the rebate.
- Rebate will be applied to the commercial customer's Beaches Energy Services account providing the retrofit/upgrade has met all the requirements established in the Commercial Lighting Rebate Program.
- Rebate will not exceed purchase price.

Rebate Amount: \$150.00 per kW reduced up to \$5000.00

Energy Efficiency Rebate Program

Section I. Overview

Beaches Energy Services offers conditional rebates to qualifying commercial customers as an incentive to install qualifying energy efficient lighting retrofit/upgrades. Commercial customers benefit from energy efficient installations through Beaches Energy Services bill savings and sound environmental stewardship. Beaches Energy Services benefits by reducing its peak demand and reliance on power production from fossil fuels.

Section 2. Program Eligibility Criteria and Requirements

The following criteria and requirements must be met by commercial customer to be deemed eligible for a rebate.

2.01. Eligible Participants: Only commercial electric customers of Beaches Energy Services may qualify for rebate.

2.02. Requirements:

- Rebates are valid on existing commercial properties.
- Rebates do not apply to new construction commercial properties.
- The commercial customer must receive electric service from Beaches Energy Services.
- The Qualifying retrofit/upgrade must be located on the commercial customer's property and within Beaches Energy Services service territory.

2.03. Application:

- An application for a rebate must be completed by the commercial customer and approved by Beaches Energy Services.
- Applications must be submitted to Beaches Energy Services within 90 days of purchase or installation.
- A copy of the required proof of purchase and/or installation invoice must be attached to the application. The proof of purchase must include the commercial customer's name, address and date of installation. Additional information specific to the rebate being sought may be required.

2.04. Additional Terms:

- Equipment must be installed in accordance with the manufacturer's recommendations.
- Equipment must be installed prior to issuance of a rebate.
- Onsite verification of installation may be required prior to issuing rebate.
- Beaches Energy Services reserves the right to withhold payment of any rebate until any identified problems with the application are resolved.
- Beaches Energy Services may terminate this rebate in whole or in part due to commercial customer's failure to fulfill the terms and conditions of this document.
- Beaches Energy Services may alter or cancel the rebate program at any time without notice to customer.
- Rebates will not exceed customer's purchase or installation price.
- Rebates may take 4-6 weeks for processing.
- Rebates will be issued as a form of a credit on one or more of the customer's monthly electric bills.
- In the event that a qualifying customer is in default of any Beaches Energy Services payment obligations, at its sole discretion, Beaches Energy Service Services may apply the rebate as a credit against such default amounts.

2.05. Limit of Liability; Indemnification:

- In no way shall Beaches Energy Services be liable for, and Customer hereby agrees to indemnify, defend and hold harmless Beaches Energy Services, its subsidiaries or affiliates, and their respective employees, officers and directors, from and against any and all liability, loss damage, cost or expense, including attorney's fees, that may be caused by, due to, occasioned by, or otherwise arising out of the installation, operation, misoperation, or use of customers Energy Efficient Installations.
- Customer acknowledges and agrees that in no event shall any statement representation, or lack thereof, either express or implied, by Beaches Energy Services, relieve the customer of exclusive responsibility for the customer's system. Specifically, Beaches Energy Services approval of the rebate application, payment of the rebate, or any Beaches Energy Services inspection of the Energy Efficient Equipment and installations shall not be construed as confirming or endorsing the equipment design or its operating or maintenance procedures nor as a warranty or guarantee as to the safety, reliability, or durability of the Energy Efficient Equipment and Installations.
